

Explanatory Notes for Development Assessment

Local Heritage Register

Amendments to the *Queensland Heritage Act* 1992, Schedule 8 and 8A of the *Integrated Planning Act* 1997, the *Integrated Planning Regulation* 1998, and the *Queensland Heritage Regulation* 2003 became effective on 31 March 2008. All aspects of development on a Local Heritage Place in a Local Heritage Register under the *Queensland Heritage Act* 1992, are code assessable (unless City Plan 2000 requires impact assessment). Those code assessable applications are assessed against the Code in Schedule 2 of the *Queensland Heritage Regulation* 2003 and the Heritage Place Code in City Plan 2000.

City Plan 2000 makes some aspects of development impact assessable on the site of a Heritage Place and a Heritage Precinct.

Heritage Places and Heritage Precincts are identified in the Heritage Register of the Heritage Register Planning Scheme Policy in City Plan 2000.

Those impact assessable applications are assessed under the relevant provisions of the City Plan 2000.

All aspects of development on land adjoining a Heritage Place or Heritage Precinct are assessable solely under City Plan 2000.

For building work on a Local Heritage Place assessable against the *Building Act 1975*, the Local Government is a concurrence agency.

Amendments to the Local Heritage Register are located at the back of the Register.
